

## **Corn Products International Confirms Prior 2007 Diluted EPS Guidance of \$2.35 to \$2.55**

August 9, 2007

WESTCHESTER, Ill., Aug. 9 /PRNewswire-FirstCall/ -- Corn Products International, Inc. (NYSE: CPO), a leading global provider of agriculturally derived ingredients to diversified industries, today confirmed its previous 2007 full-year diluted earnings per share guidance of \$2.35 to \$2.55 versus earnings per share of \$1.63 in 2006. The Company said that business fundamentals remain consistent with management's comments made during the 2007 second quarter earnings conference call held on July 24.

### **ABOUT THE COMPANY**

Corn Products International is one of the world's largest corn refiners and a major supplier of high-quality food ingredients and industrial products derived from the wet milling and processing of corn and other starch-based materials. The Company, headquartered in Westchester, Ill., is the number-one worldwide producer of dextrose and a leading regional producer of starch, high fructose corn syrup and glucose. The Company has operations in 15 countries at 35 plants, including wholly owned businesses, affiliates and alliances. For more information, visit <http://www.cornproducts.com>.

### **Forward-Looking Statement**

This news release contains or may contain forward-looking statements within the meaning of Section 27A of the Securities Exchange Act of 1933 and Section 21E of the Securities Exchange Act of 1934. The Company intends these forward looking statements to be covered by the safe harbor provisions for such statements. These statements include, among other things, any predictions regarding the Company's future financial condition, earnings, revenues, expenses or other financial items, any statements concerning the Company's prospects or future operation, including management's plans or strategies and objectives therefor and any assumptions underlying the foregoing. These statements can sometimes be identified by the use of forward looking words such as "may," "will," "should," "anticipate," "believe," "plan," "project," "estimate," "expect," "intend," "continue," "pro forma," "forecast" or other similar expressions or the negative thereof. All statements other than statements of historical facts in this release or referred to in this release are "forward-looking statements." These statements are subject to certain inherent risks and uncertainties. Although we believe our expectations reflected in these forward-looking statements are based on reasonable assumptions, stockholders are cautioned that no assurance can be given that our expectations will prove correct. Actual results and developments may differ materially from the expectations conveyed in these statements, based on various factors, including fluctuations in worldwide markets for corn and other commodities, and the associated risks of hedging against such fluctuations; fluctuations in aggregate industry supply and market demand; general political, economic, business, market and weather conditions in the various geographic regions and countries in which we manufacture and/or sell our products; fluctuations in the value of local currencies, energy costs and availability, freight and shipping costs, and changes in regulatory controls regarding quotas, tariffs, duties, taxes and income tax rates; operating difficulties; boiler reliability; our ability to effectively integrate acquired businesses; labor disputes; genetic and biotechnology issues; changing consumption preferences and trends; increased competitive and/or customer pressure in the corn-refining industry; the outbreak or continuation of serious communicable disease or hostilities including acts of terrorism; and stock market fluctuation and volatility. Our forward-looking statements speak only as of the date on which they are made and we do not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of the statement. If we do update or correct one or more of these statements, investors and others should not conclude that we will make additional updates or corrections. For a further description of these risks, see Risk Factors included in our Annual Report on Form 10-K for the year ended December 31, 2006 and subsequent reports on Forms 10-Q or 8-K.
