DESCRIPTION OF DEBT SECURITIES

We will issue the debt securities under an indenture dated as of August 18, 1999 between us and The Bank of New York Mellon Trust Company, N.A. (as successor trustee to The Bank of New York), as trustee. We have summarized selected provisions of the indenture and the debt securities below. This summary is not complete and is qualified in its entirety by reference to the indenture. If you would like more information on the provisions of the indenture, you should review the indenture, which is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part. You should carefully read the summary below, the applicable prospectus supplement and the provisions of the indenture before investing in our debt securities.

References in this section of the prospectus to “Ingredion,” the “Company,” “we,” “us” and “our” are only to Ingredion Incorporated, the issuer of the debt securities, and not to its subsidiaries.

General

We may issue debt securities, at any time and from time to time, in one or more series without limitation on the aggregate principal amount. We may, from time to time, without giving notice to or seeking the consent of the holders or beneficial owners of debt securities of any series outstanding, “reopen” that series of debt securities by issuing additional debt securities of that series having the same ranking, interest rate, maturity and other terms (except for the issue date, issue price and, in some cases, the first interest payment date, and the date from which interest will begin to accrue) as the debt securities of that outstanding series. We will not, however, issue such additional debt securities of any series with the same CUSIP number as the outstanding series of debt securities if they are not fungible for U.S. federal income tax purposes with the outstanding series of debt securities. Any such additional debt securities will constitute part of the same series as such outstanding debt securities.

The debt securities will be unsecured and will rank equally with all our unsecured and unsubordinated indebtedness. The terms of any series of debt securities will be set forth in (or determined in accordance with) a resolution of our board of directors or in a supplement to the indenture relating to that series. The terms of our debt securities will include those set forth in the indenture and those made a part of the indenture by the Trust Indenture Act of 1939, as amended.

A supplement to this prospectus will describe specific terms relating to the series of debt securities being offered. If any particular terms of the debt securities described in a prospectus supplement differ from any of the terms described in this prospectus, then the terms described in the applicable prospectus supplement will supersede the terms described in this prospectus. These terms will include some or all of the following:

- the title of the series of debt securities;
- the aggregate principal amount of the series;
- the interest rate or rates, if any (which may be fixed or variable), or the formula or method by which interest shall accrue, interest payment dates and corresponding record dates, and whether we may defer interest payments;
- the date or dates of maturity;
- whether the debt securities can be redeemed by us;
- whether the holders will have the right to cause us to repurchase the debt securities;
- whether there will be a sinking fund;
- the portion of the debt securities due upon acceleration of maturity upon an Event of Default;
- the denominations in which the debt securities will be issuable if other than denominations of \$1,000 and any integral multiple of \$1,000;
- the form used to evidence ownership of the debt securities;

Table of Contents

- whether the debt securities are convertible;
- the manner and place of payment of principal (and premium, if any) and interest;
- additional offices or agencies for registration of transfer and exchange and for payment of the principal, premium (if any), and interest;
- whether the debt securities will be registered or unregistered, and the circumstances upon which such debt securities may be exchanged for debt securities issued in a different form (if any);
- whether the debt securities will be issued in whole or in part in the form of one or more global securities and, if so, the depositary for such global securities and the circumstances upon which global securities may be exchanged for debt securities issued in a different form (if any);
- if denominated in a currency other than United States dollars, the currency, currency units or composite currency in which the debt securities are to be denominated, or in which payments of the principal, premium (if any), and interest will be made and the circumstances when the currency of payment may be changed (if any);
- if we or a holder can choose to have the payments of the principal, premium (if any), or interest made in a currency, currency units or composite currency other than that in which the debt securities are denominated or payable, how such a choice will be made and how the exchange rate between the two currencies will be determined;
- if the payments of principal, premium (if any), or interest may be determined with reference to one or more securities issued by us, or another company, or any index, how those amounts will be determined;
- whether defeasance provisions will not apply; and
- any other terms consistent with the indenture.

Each prospectus supplement will also describe any special provisions for payment of additional amounts with respect to debt securities of any series.

Each series of debt securities will be a new issue with no established trading market. There can be no assurance that there will be a liquid trading market for the debt securities.

We may purchase debt securities at any time in the open market or otherwise. Debt securities we purchase may, in our discretion, be held or resold, canceled or used by us to satisfy any sinking fund or redemption requirements.

Debt securities bearing no interest or interest at a rate which, at the time of issuance, is below the prevailing market rate may be sold at a substantial discount below their stated principal amount. Special United States federal income tax considerations applicable to any of these discounted debt securities (or to certain other debt securities issued at par which are treated as having been issued at a discount for United States federal income tax purposes) will be described in a prospectus supplement.

If the purchase price of any of the offered debt securities is denominated in a foreign currency or currencies or if the principal of and any premium and interest on any series of debt securities is payable in a foreign currency or currencies or foreign currency unit or units, the restrictions, elections, general tax considerations, specific terms and other information with respect to the issue of debt securities and such foreign currency or currencies will be set forth in the applicable prospectus supplement.

Denominations, Registration, Transfer and Exchange

Unless otherwise specified in the applicable prospectus supplement, the debt securities of any series will be issued only as registered securities, in global form and in denominations of \$1,000 and any integral multiple thereof, and will be payable only in U.S. dollars. For more information regarding debt securities issued in global form, see “—Book-Entry Securities” below.

[Table of Contents](#)

Registered debt securities of any series (other than registered debt securities in global form) will be exchangeable for other registered debt securities of the same series in the same aggregate principal amount and having the same stated maturity date and other terms and conditions. Upon surrender for registration of transfer of any registered debt security of any series at the office or agency maintained for that purpose, we will execute, and the trustee will authenticate and deliver, in the name of the designated transferee, one or more new registered debt securities of the same series in the same aggregate principal amount of authorized denominations and having the same stated maturity date and other terms and conditions. We may not impose any service charge, other than any required tax or other governmental charge, on the transfer or exchange of debt securities.

We are not required to issue, register the transfer of or exchange (i) debt securities of any series during the period of 15 days next preceding the mailing of a notice of redemption of such series, (ii) any debt security so selected for redemption in whole or in part, except for the unredeemed portion of any debt security being redeemed in part or (iii) any debt security that has been surrendered for repayment at the option of the holder, except any portion of such debt security not to be so repaid.

Payment and Paying Agents

If we issue a series of debt securities only in registered form, we will maintain in Chicago, Illinois or New York, New York, or at such other locations as we may from time to time designate for any series of debt securities an office or agency where those debt securities may be presented or surrendered for payment or for registration of transfer or exchange and where holders may serve us with notices and demands in respect of the debt securities of that series and the indenture. We may also maintain an office or agency in a place of payment for that series of debt securities located outside the United States, where any registered debt securities of that series may be surrendered for registration of transfer or exchange and where holders may serve us with notices and demands in respect of those debt securities and the indenture.

We will give written notice to the trustee of the location, and any change in the location, of such office or agency. If we fail to maintain any required office or agency or fail to furnish the trustee with the address of such office or agency, presentations, surrenders, notices and demands may be made or served at the corporate trust office of the trustee. We have appointed the trustee under the indenture as our agent to receive all presentations, surrenders, notices and demands with respect to a series of debt securities. Unless otherwise specified in the applicable prospectus supplement, the applicable trustee's corporate trust office in the Borough of Manhattan, The City of New York will be the office at which such presentations, surrenders, notices and demands may be made.

The principal of, premium, if any, and interest on the debt securities of any series will be payable at the office or agency maintained by us for that purpose; provided that payments of interest may be made at our option by check mailed to the address of the persons entitled thereto or by wire transfer to an account maintained by the payee located in the United States.

Certain Restrictions

The restrictions summarized in this section apply to all debt securities unless a prospectus supplement indicates otherwise. Certain terms used in the following description of these restrictions are defined under the caption "Certain Definitions" at the end of this section.

Limitations on Secured Debt. If we or our Tax Consolidated Subsidiaries incur Indebtedness secured by a Lien on Principal Property (including Capital Stock or indebtedness of any Subsidiary), we are required to secure the then outstanding debt securities (together with, if the Company shall so determine, any other Indebtedness of or guaranteed by us ranking equally with the outstanding debt securities) equally and ratably with (or prior to) such secured debt.

Table of Contents

The indenture permits us to create the following types of Liens, which we refer to as Permitted Encumbrances, without securing the debt securities:

- liens existing at the time of acquisition of the affected property or purchase money liens incurred within 270 days after acquisition of the property;
- liens affecting property of a Person existing at the time it becomes a Subsidiary or at the time it is merged into or consolidated with or purchased by us or a Tax Consolidated Subsidiary;
- liens existing on the date of the indenture;
- certain liens in connection with legal proceedings and government contracts and certain deposits or liens made to comply with government contracts or statutes;
- certain statutory liens or similar liens arising in the ordinary course of business;
- liens for certain judgments and awards; and
- certain extensions, renewals or replacements of any liens referred to above.

Limitations on Sale and Lease-Back Transactions. We and our Tax Consolidated Subsidiaries may not sell or transfer any property with the intention of entering into a lease of such property (except for certain temporary leases of a term, including renewals, not exceeding five years) unless any one of the following is true:

- the transaction is to finance all or part of the purchase price of property acquired or constructed;
- the transaction involves the property of a Person that is merging or consolidating with us or one of our Tax Consolidated Subsidiaries or that is selling, leasing or otherwise disposing of substantially all of its assets to us or one of our Tax Consolidated Subsidiaries;
- certain transactions with a governmental entity;
- the transaction is an extension, renewal or replacement of one of the items listed above; or
- within 120 days after the effective date of such transaction, we or a Tax Consolidated Subsidiary repays our Funded Debt, the debt securities of any series, the Funded Debt of any Subsidiary or preferred stock of any Subsidiary or purchases certain other property in an amount equal to the greater of (1) the net proceeds of the sale of the property leased in such transaction or (2) the fair value, in the opinion of our board of directors, of the leased property at the time of such transaction.

Exempted Indebtedness. Notwithstanding the limitations on secured debt and sale and lease-back transactions, we and our Tax Consolidated Subsidiaries may incur, assume, or guarantee Indebtedness secured by a Lien without securing the debt securities, or may enter into sale and lease-back transactions without retiring Funded Debt, or enter into a combination of such transactions, if the sum of the principal amount of all such Indebtedness and the aggregate value of all such sale and lease-back transactions (excluding sale and lease-back transactions of the type set forth in the bullet points above under “—Certain Restrictions—Limitations on Sale and Lease-Back Transactions”) does not at any such time exceed 10% of our Consolidated Net Tangible Assets.

Merger, Consolidation and Sale of Assets. We may not consolidate with, or merge into, or sell, lease or convey all or substantially all of our assets to any other person, unless:

- either the Company is the continuing corporation, or the corporation formed by such consolidation or into which the Company is merged or the Person which acquires by sale, lease or conveyance all or substantially all of our assets is a United States, United Kingdom, Italian, French, German, Japanese or Canadian corporation which assumes all of our obligations under the debt securities and under the indenture; and
- after giving effect to the merger, consolidation, sale, lease or conveyance, no event of default under the indenture or no event which, after notice or lapse of time or both, would become an event of default under the indenture, shall have occurred and be continuing.

Table of Contents

Payments on the debt securities may become subject to non-U.S. withholding tax if the corporation formed by such consolidation or into which the Company is merged or the Person which acquires by sale, lease or conveyance all or substantially all of our assets is not a United States corporation. No additional amounts will be payable for any U.S. or non-U.S. taxes withheld from any payment on the debt securities.

If we sell, lease or convey substantially all our assets and the purchaser or lessee assumes our obligations under the indenture, we will be discharged from all obligations under the indenture and the debt securities.

Certain Definitions

Set forth below is a summary of certain defined terms as used in the indenture. See Article One of the indenture for the full definition of all such terms.

“*Capital Stock*” means and includes any and all shares, interests, participations or other equivalents (however designated) of ownership in a corporation or other Person.

“*Consolidated Net Tangible Assets*” means the aggregate amount of all assets (less depreciation, valuation and other reserves and items deductible therefrom under generally accepted accounting principles) after deducting (a) all goodwill, patents, trademarks and other like intangibles and (b) all current liabilities (excluding any current liabilities that are extendible or renewable at our option for a time more than twelve months from the time of the calculation) as shown on our most recent consolidated quarterly balance sheet.

“*Funded Debt*” means any Indebtedness maturing by its terms more than one year from its date of issuance (notwithstanding that any portion of such Indebtedness is included in current liabilities).

“*Indebtedness*” means with respect to any Person (i) any liability of such Person (a) for borrowed money, or (b) evidenced by a bond, note, debenture or similar instrument (including purchase money obligations but excluding trade payables), or (c) for the payment of money relating to a lease that is required to be classified as a capitalized lease obligation in accordance with generally accepted accounting principles; (ii) any liability of others described in the preceding clause (i) that such Person has guaranteed, that is recourse to such Person or that is otherwise its legal liability; and (iii) any amendment, supplement, modification, deferral, renewal, extension or refunding of any liability of the types referred to in clauses (i) and (ii) above.

“*Lien*” means any mortgage, pledge, security interest, lien, charge or other encumbrance.

“*Person*” means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization or government, or any agency or political subdivision thereof.

“*Principal Property*” means any manufacturing, processing or warehouse facility owned or leased (under capital leases) by us or one of our Tax Consolidated Subsidiaries located within the United States, the gross book value of which exceeds one percent of Consolidated Net Tangible Assets, other than any manufacturing, processing or warehouse facility (or portion thereof) that is financed by a governmental entity or that, in the opinion of our board of directors, is not of material importance to the business conducted by us and our Subsidiaries, taken as a whole.

“*Subsidiary*” means any corporation of which we control at least a majority of the outstanding stock capable of electing a majority of the directors of such corporation. In this context, control means that we or our Subsidiaries own the stock, or that we or our subsidiaries have the power to direct the voting of the stock, or any combination of these items so long as we have the ability to elect a majority of the directors.

“*Tax Consolidated Subsidiary*” means a Subsidiary with which we would be entitled to file a consolidated federal income tax return.

Events of Default

Under the indenture, “Event of Default” means, with respect to any series of debt securities:

- failure to pay interest that continues for 30 days after payment is due;
- failure to make any principal or premium (if any) payment when due;
- default in the deposit of any sinking fund payment in respect of the debt securities of such series;
- failure to comply with any of our other agreements contained in the indenture or in the debt securities of such series for 90 days after the trustee notifies us of such failure (or the holders of at least 25% in principal amount of the outstanding debt securities of all series affected by such failure notify us and the trustee);
- failure to pay any principal, premium (if any) or interest when due on any of our Indebtedness which is outstanding in a principal amount of at least \$25 million in the aggregate (excluding Indebtedness evidenced by the debt securities or otherwise arising under the indenture (the “other Indebtedness”)), and the continuation of such failure after the applicable grace period, if any, specified in the agreement or instrument relating to such Indebtedness, or
- the occurrence or existence of any other event or condition under any agreement or instrument relating to any such other Indebtedness that continues after the applicable grace period, if any, specified in such agreement or instrument, if the effect of such event or condition is to accelerate, or to permit the acceleration of, the maturity of such other Indebtedness, or
- the declaration that any such other Indebtedness is due and payable, or required to be prepaid (other than by a regularly scheduled required prepayment), redeemed, purchased or defeased, or the requirement that an offer to prepay, redeem, purchase or defease such other Indebtedness be made, in each case prior to the stated maturity thereof;
- certain events of bankruptcy, insolvency or reorganization involving us; or
- any other Event of Default described in the applicable prospectus supplement.

In general, the trustee must give both us and you notice of a default for the debt securities you hold. The trustee may withhold notice to you (except defaults as to payment of principal, premium or interest) if it determines that the withholding of such notice is in the interest of the holders affected by the default.

If an Event of Default shall have occurred and is continuing with respect to debt securities of any series, then, unless the principal of all the debt securities of such series shall have already become due and payable, either the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of such series may declare the entire principal of (and premium, if any, on) and accrued interest on such series of debt securities to be due and payable immediately and, in which case, such principal (premium, if any) and accrued interest shall be immediately due and payable. However, upon certain conditions, such declaration may be annulled and past defaults (except, unless cured, a default in payment of principal of (or premium, if any, on) or interest on such series of debt securities) may be waived by the holders of a majority in principal amount of such series of debt securities.

The indenture contains provisions entitling the trustee, subject to the duty of the trustee during default to act with the required standard of care, to be indemnified by the holders of the debt securities outstanding thereunder before proceeding to exercise any right or power under the indenture at the request of the holders of such debt securities. The indenture also provides that the holders of a majority in principal amount of the outstanding debt securities of any series affected may direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercise any trust or power conferred on the trustee, provided that (i) such direction does not conflict with any rule of law or the indenture, (ii) the trustee may take any other action that is not inconsistent with such direction and (iii) the trustee need not take any action which might involve it in

[Table of Contents](#)

personal liability or be unjustly prejudicial to the holders of debt securities of the affected series not joining in the giving of such direction. The indenture contains a covenant that we will file annually with the trustee a certificate as to our compliance with all conditions and covenants under the indenture or setting forth the circumstances of any failure to so comply and the steps taken or proposed to be taken to eliminate such failure.

The indenture limits the right to institute legal proceedings. No holder of any debt security of any series will have the right to institute any proceeding with respect to the indenture, or for any remedy under the indenture unless:

- such holder has previously given written notice of a continuing Event of Default to the trustee;
- the holders of not less than 25% in principal amount of the outstanding debt securities of such series shall have made a written request and offered indemnity satisfactory to the trustee to institute such proceeding as trustee;
- the trustee fails to institute any such proceeding for 60 days after its receipt of such notice, request and offer of indemnity; and
- no direction inconsistent with the written request has been given to the trustee during such 60-day period by the holders of a majority in principal amount of the outstanding debt securities of such series.

However, any right of a holder of any debt security to receive payment of the principal of (premium, if any) and any interest on such debt security on or after the dates expressed in such debt security and to institute suit for the enforcement of any such payment on or after such dates shall not be impaired or affected without the consent of such holder.

Modification of the Indenture

With the consent of the holders of at least a majority of the principal amount of a series of the debt securities outstanding, we may change the indenture or enter into a supplemental indenture that will then be binding upon that series. However, no changes in a series of debt securities may be made in this way that:

- extends the final maturity date;
- reduces the principal amount thereof, or reduces the rate or extends the time of payment of interest thereon;
- changes the currency of the debt;
- reduces the premium (if any) payable upon redemption;
- reduces the amount to be paid upon acceleration of maturity; or
- reduces the majority consent required for changes to the indenture.

In addition, we may modify the indenture without the consent of the holders to, among other things:

- add covenants;
- change or eliminate provisions of the indenture so long as such changes do not adversely affect current holders of any outstanding debt securities;
- cure any ambiguity or correct any provision which may be defective or inconsistent with any other provision contained in the indenture; and
- make such other provisions in regards to matters or questions arising under the indenture as shall not adversely affect the interests of holders of debt securities of any series.

Defeasance of Debt Securities and Certain Covenants

Unless otherwise provided in the applicable prospectus supplement, the following provisions shall apply to each series of debt securities.

Table of Contents

Legal Defeasance. The indenture provides that, with respect to any series of debt securities, upon satisfaction of the conditions specified in the indenture, we shall be deemed to have been discharged from our obligations with respect to all outstanding debt securities of such series on the date those conditions are satisfied. This means that we shall be deemed to have paid and discharged the entire indebtedness represented by such outstanding debt securities and to have satisfied all our other obligations under such outstanding debt securities and, insofar as such debt securities are concerned, the indenture, except for:

- the rights of holders of outstanding debt securities of such series to receive, solely from the trust fund described in clause (a) under “—Conditions to Legal Defeasance and Covenant Defeasance” below, payments of the principal of (and premium, if any, on) and interest on the outstanding debt securities of such series when due; and
- a limited number of other provisions of the indenture, including provisions relating to: (i) transfers and exchanges of, and the maintenance of offices or agencies for paying or registering the transfer or exchange of, the debt securities of such series; (ii) the replacement of stolen, lost or mutilated debt securities of such series; (iii) the duties and rights of paying agents, the compensation and reimbursement of the trustee and resignation and removal of a trustee; (iv) redemption of such debt securities; and (v) the defeasance provisions of the indenture.

We refer to this as “legal defeasance.”

Covenant Defeasance. The indenture further provides that, with respect to any series of debt securities, upon satisfaction of the conditions specified in the indenture, we will be released, on and after the date such conditions are satisfied, from our obligations with respect to all outstanding debt securities of such series under the covenants described above under the heading “—Certain Restrictions,” any additional covenants applicable to the debt securities of such series which may be identified in the applicable prospectus supplement as being subject to covenant defeasance and the Events of Default described under the fourth bullet point under the heading “—Events of Default” above. This means that, with respect to the outstanding debt securities of such series, we may omit to comply with and shall have no liability for any such covenant and such omission to comply will not constitute an Event of Default or an event which after notice or passage of time or both would be an Event of Default. We refer to this as “covenant defeasance.”

Conditions to Legal Defeasance and Covenant Defeasance. In order to effect legal defeasance or covenant defeasance of the debt securities of any series, the following conditions must be satisfied, among other things:

(a) we must irrevocably deposit or cause to be deposited with the trustee as trust funds (i) an amount in cash, (ii) Government Obligations applicable to such debt securities that, through the payment of principal and interest in accordance with their terms, will provide, not later than the opening of business on the due date of any payment of principal (including any premium) and interest, if any, under such debt securities, money in an amount, or (iii) a combination of cash and Government Obligations, sufficient, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification delivered to the trustee, to pay and discharge, the principal of (and premium, if any, on) and interest on such outstanding debt securities on the stated maturity (or redemption date, if applicable) of such principal (and premium, if any) or installment of interest and any mandatory sinking fund payments or analogous payments applicable to such outstanding debt securities when due and payable;

(b) we have paid all other sums payable in respect of the debt securities of such series, and such payment and the deposit will not result in a breach or violation of, or constitute a default under, the indenture or any other agreement or instrument to which the Company is a party or by which it is bound;

(c) no Event of Default or event which after notice or passage of time or both would be an Event of Default with respect to the debt securities of that series will have occurred and be continuing on the date of such deposit and no Event of Default described under the fifth, sixth and seventh bullet points under the heading “—Events of

[Table of Contents](#)

Default” above or event which after notice or passage of time or both would be an Event of Default described under the fifth, sixth and seventh bullet points under the heading “—Events of Default” above shall have occurred and be continuing on the 91st day after the date of such deposit; and

(d) we must deliver to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred.

If we exercise our option to effect covenant defeasance with respect to any series of debt securities and those debt securities are declared due and payable because of the occurrence of an Event of Default (including an Event of Default due to our failure to comply with any covenant that remains in effect following such covenant defeasance), the amount of money and/or Government Obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series on the dates those payments are due or, if applicable, on a redemption date, but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from the Event of Default. However, we shall remain liable for those payments.

Unless otherwise provided in the applicable prospectus supplement, when we use the term “Government Obligations,” we mean (i) direct noncallable obligations of the government which issued the currency in which the debt securities of that series are denominated or (ii) noncallable obligations the payment of principal of and interest on which is fully guaranteed by such government and which, in either case, are full faith and credit obligations of such government.

Satisfaction and Discharge

The indenture will cease to be of any further effect with respect to any series of debt securities issued thereunder if:

- all outstanding debt securities of such series have (subject to certain exceptions) been delivered to the trustee for cancellation; or
- all outstanding debt securities of such series and, in the case of the following clause (i) or (ii), not previously delivered to the trustee for cancellation, (i) have become due and payable, (ii) will become due and payable at their stated maturity within one year, or (iii) if redeemable at our option, are to be called for redemption within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee in our name and at our expense, and, in each such case, we have irrevocably deposited with the trustee as trust funds in trust an amount in cash sufficient to pay at stated maturity or upon redemption such debt securities not previously delivered to the trustee for cancellation, for principal (and premium, if any) and interest to the stated maturity or redemption date, as the case may be;

and, in either case, we also pay or cause to be paid all other sums payable under the indenture by us with respect to the debt securities of that series and satisfy certain other conditions specified in the indenture. We refer to this as “satisfaction and discharge.”

Notwithstanding the satisfaction and discharge of the indenture with respect to the debt securities of any series, a limited number of provisions of the indenture shall remain in effect.

Book-Entry Securities

The debt securities of a series will be represented by one or more global securities. Unless otherwise indicated in the prospectus supplement, the global security representing the debt securities of a series will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (“DTC”), or other successor depository we appoint and registered in the name of the depository or its nominee. Unless and until it is exchanged in whole or in part for individual certificates evidencing debt securities, a global security may not be transferred except as

Table of Contents

a whole by the depository to its nominee or by the nominee to the depository, or by the depository or its nominee to a successor depository or to a nominee of the successor depository. The debt securities will not be issued in definitive form unless otherwise provided in the prospectus supplement.

We anticipate that DTC will act as depository for the debt securities. The debt securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully-registered global security will be issued with respect to each \$500 million of principal amount of debt securities of a series, and an additional certificate will be issued with respect to any remaining principal amount of debt securities of such series.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants deposit with DTC. DTC also facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to indirect participants such as securities brokers and dealers, banks and trust companies that clear transactions through or maintain a custodial relationship with a direct participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC. More information about DTC can be found at www.dtcc.com.

Purchases of debt securities under the DTC system must be made by or through direct participants, which will receive a credit for the debt securities on DTC's records. The ownership interest of each actual purchaser of each debt security will be recorded on the direct and indirect participants' records. These beneficial owners will not receive written confirmation from DTC of their purchase, but beneficial owners are expected to receive a written confirmation providing details of the transaction, as well as periodic statements of their holdings, from the direct or indirect participant through which the beneficial owner entered into the transaction. Transfers of ownership interests in the debt securities are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in debt securities, except in the event that use of the book-entry system for the debt securities is discontinued.

To facilitate subsequent transfers, all debt securities deposited by participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of debt securities with DTC and their registration in the name of Cede & Co. will not change the beneficial ownership of the debt securities. DTC has no knowledge of the actual beneficial owners of the debt securities; DTC's records reflect only the identity of the direct participants to whose accounts the debt securities are credited, which may or may not be the beneficial owners. The participants are responsible for keeping account of their holdings on behalf of their customers.

Conveyances of notices and other communications by DTC to direct participants, by direct participants to indirect participants, and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices will be sent to DTC. If less than all of the debt securities of a series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each direct participant in such series to be redeemed.

In any case where a vote may be required with respect to the debt securities of any series, neither DTC nor Cede & Co will consent or vote with respect to such debt securities unless authorized by a direct participant in

[Table of Contents](#)

accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the debt securities of the series are credited on the record date (identified in a listing attached to the omnibus proxy).

Principal of, and premium, if any, and interest, if any, on the debt securities will be paid to Cede & Co., as nominee of DTC. DTC's practice is to credit direct participants' accounts, upon DTC's receipt of funds and corresponding detail information from us or the trustee, on the applicable payable date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of that participant and not of DTC, the trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium and interest to Cede & Co. is the responsibility of us or the trustee. Disbursement of payments from Cede & Co. to direct participants is DTC's responsibility. Disbursement of payments to beneficial owners is the responsibility of direct and indirect participants.

In any case where we have made a tender offer for the purchase of any debt securities, a beneficial owner must give notice through a participant to a tender agent to elect to have its debt securities purchased or tendered. The beneficial owner must deliver debt securities by causing the direct participants to transfer the participant's interest in the debt securities, on DTC's records, to a tender agent. The requirement for physical delivery of debt securities in connection with an optional tender or a mandatory purchase is satisfied when the ownership rights in the debt securities are transferred by direct participants on DTC's records and followed by a book-entry credit of tendered debt securities to the tender agent's account.

DTC may discontinue providing its services as depository for the debt securities at any time by giving reasonable notice to us or the trustee. Under these circumstances, if a successor depository is not obtained, then debt security certificates must be delivered.

We may decide to discontinue use of the system of book-entry transfers through DTC (or a successor depository). In that event, debt security certificates will be delivered.

Governing Law

The indenture is and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

Regarding the Trustee

The Bank of New York Mellon Trust Company, N.A. (as successor trustee to The Bank of New York), or any successor thereto, will serve as trustee under the indenture. The Bank of New York Mellon Trust Company, N.A. is one of a number of banks with which we maintain ordinary banking relationships and from which we have obtained credit facilities and lines of credit.

The trustee under the indenture may resign with respect to one or more series of debt securities or may be removed with respect to any series of debt securities by holders of not less than a majority in principal amount of outstanding debt securities of such series and a successor trustee may be appointed to act with respect to each such series. In the event that two or more persons are acting as trustee with respect to different series of debt securities under the indenture, each such trustee shall be a trustee of a trust under the indenture separate and apart from the trust administered by any other such trustee, and any action described herein to be taken by the trustee may then be taken by each such trustee with respect to, and only with respect to, the one or more series of debt securities for which it is trustee.

PLAN OF DISTRIBUTION

We may sell the debt securities covered by this prospectus in any of the following ways:

- directly to one or more purchasers;
- through underwriters, dealers or agents; or
- through a combination of any of these methods of sale.

We will identify the specific plan of distribution, including any direct purchasers or any underwriters, dealers or agents and their compensation in a prospectus supplement.

LEGAL MATTERS

Unless otherwise specified in the applicable prospectus supplement, Christine M. Castellano, our Senior Vice President, General Counsel, Corporate Secretary and Chief Compliance Officer, and Sidley Austin LLP, Chicago, Illinois, special counsel to the Company, will pass upon certain legal matters for us with respect to the debt securities. Ms. Castellano participates in various employee benefit plans offered by the Company and owns or has rights to acquire shares of the Company's common stock.

Item 14. Other Expenses of Issuance and Distribution.

The various expenses in connection with the sale and distribution of the debt securities registered hereby will be calculated based on the number of issuances and amount of securities offered and, accordingly, cannot be estimated at this time. An estimate of the various expenses will be included in the applicable prospectus supplement.

Item 15. Indemnification of Directors and Officers.

Ingredion is a Delaware corporation. Section 145 of the General Corporation Law of the State of Delaware, as amended, provides that under certain circumstances a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a director, officer, employee or agent of the corporation or is or was serving at its request in such capacity in another corporation or business association, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe such person's conduct was unlawful. The statute provides that indemnification pursuant to its provisions is not exclusive of other rights of indemnification to which a person may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors, or otherwise.

Article VII of our By-Laws provides that Ingredion shall indemnify our directors and officers and the directors and officers of our subsidiaries against certain liabilities (including attorneys' fees related thereto) that may arise as a result of such service to the fullest extent permitted by the General Corporation Law of the State of Delaware as the same exists now or may hereafter be amended.

Ingredion is also empowered by Section 102(b)(7) of the General Corporation Law of the State of Delaware to include a provision in its certificate of incorporation to limit under certain circumstances a director's liability to Ingredion or its stockholders for monetary damages for breaches of fiduciary duty as a director. Article Tenth of Ingredion's Amended and Restated Certificate of Incorporation states that directors of Ingredion shall not be liable to Ingredion or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to Ingredion or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) unlawful dividend payments, stock repurchases or redemptions, or (iv) for any transaction from which the director derived an improper personal benefit.

Ingredion maintains insurance policies under which the directors and officers of Ingredion are insured, within the limits and subject to the limitations of the policies, against certain expenses in connection with the defense of actions, suits or proceedings, and certain liabilities which might be imposed as a result of such actions, suits or proceedings, to which they are parties by reason of being or having been such directors or officers which could include liabilities under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

Ingredion has entered into indemnification agreements with all its officers and directors. These agreements provide such officers and directors with indemnification against certain liabilities (including attorneys' fees related thereto) that may arise as a result of such service to the fullest extent permitted by the General Corporation Law of the State of Delaware as the same exists now or may hereafter be amended.

Item 16. Exhibits.

See the Exhibit Index.

Item 17. Undertakings.

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that the undertakings set forth in paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

- (i) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
- (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time

Table of Contents

shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;
- (iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and
- (iv) any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the provisions discussed under Item 15 above, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, as amended, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Westchester, State of Illinois, as of September 12, 2016.

Re: Registration Statement on Form S-3

Ladies and Gentlemen:

We refer to the Registration Statement on Form S-3 (the "Registration Statement") being filed by Ingredion Incorporated, a Delaware corporation (the "Company"), with the Securities and Exchange Commission (the "SEC") under the Securities Act of 1933, as amended (the "Securities Act"), relating to the registration of an indeterminate principal amount of the Company's debt securities (the "Debt Securities"). The Debt Securities are to be issued under an Indenture dated as of August 18, 1999 (the "Indenture") between the Company and The Bank of New York Mellon Trust Company, N.A. (as successor to The Bank of New York), as trustee (the "Trustee").

This opinion letter is being delivered in accordance with the requirements of Item 601(b)(5) of Regulation S-K under the Securities Act.

We have examined the Registration Statement, the Indenture and the resolutions adopted by the board of directors of the Company (the "Board") relating to the Registration Statement, the Indenture and the issuance of the Debt Securities by the Company. We have also examined originals, or copies of originals certified to our satisfaction, of such agreements, documents, certificates and statements of the Company and other corporate documents and instruments, and have examined such questions of law, as we have considered relevant and necessary as a basis for this opinion letter. We have assumed the authenticity of all documents submitted to us as originals, the genuineness of all signatures, the legal capacity of all persons and the conformity with the original documents of any copies thereof submitted to us for examination. As to facts relevant to the opinions expressed herein, we have relied without independent investigation or verification upon, and assumed the accuracy and completeness of, certificates, letters and oral and written statements and representations of public officials and officers and other representatives of the Company.

Sidley Austin LLP is a limited liability partnership practicing in affiliation with other Sidley Austin partnerships.

Based on and subject to the foregoing and the other limitations, qualifications and assumptions set forth herein, we are of the opinion that the Debt Securities of each series covered by the Registration Statement will constitute valid and binding obligations of the Company when:

(i) the Registration Statement (including any post-effective amendments) shall have become effective under the Securities Act;

(ii) a prospectus supplement with respect to such series of Debt Securities shall have been filed with the SEC in compliance with the Securities Act and the rules and regulations thereunder;

(iii) all necessary corporate action shall have been taken by the Company to authorize the form, terms, execution, delivery, performance, issuance and sale of such series of Debt Securities as contemplated by the Registration Statement, the prospectus supplement relating to such series of Debt Securities and the Indenture and to authorize the execution, delivery and performance of a supplemental indenture or officers' certificate establishing the form and terms of such series of Debt Securities as contemplated by the Indenture;

(iv) a supplemental indenture or officers' certificate establishing the form and terms of such series of Debt Securities shall have been duly executed and delivered by the Company and the Trustee (in the case of such a supplemental indenture) or by duly authorized officers of the Company (in the case of such an officers' certificate), in each case in accordance with the provisions of the Company's amended and restated certificate of incorporation, as amended (the "Certificate of Incorporation"), and amended by-laws (the "By-Laws"), resolutions of the Board or a duly authorized committee thereof and the Indenture; and

(v) the certificates evidencing the Debt Securities of such series shall be in substantially the form filed as an exhibit to the Registration Statement, shall have been duly executed and delivered by the Company, authenticated by the Trustee and issued, all in accordance with the Certificate of Incorporation and By-Laws, resolutions of the Board or a duly authorized committee thereof, the Indenture and the supplemental indenture or officers' certificate, as the case may be, establishing the form and terms of the Debt Securities of such series, and shall have been duly delivered to the purchasers thereof against payment of the agreed consideration therefor.

For the purposes of this opinion letter, we have assumed that, at the time of the issuance, sale and delivery of the Debt Securities of each series:

(a) all Debt Securities of such series will be issued and sold as contemplated in the Registration Statement and the prospectus supplement relating thereto;

(b) the execution, delivery and performance by the Company of such Debt Securities, the Indenture and the supplemental indenture or officers' certificate, as the case may be, establishing the form and terms of such series of Debt Securities will not (A) contravene or violate the Certificate of Incorporation or By-Laws or any law, rule or regulation applicable to the Company, (B) result in a default under or breach of any agreement or instrument binding upon the Company or any order, judgment or decree of any court or governmental authority applicable to the Company, or (C) require any authorization, approval or other action by, or notice to or filing with, any court or governmental authority (other than such authorizations, approvals, actions, notices or filings which shall have been obtained or made, as the case may be, and which shall be in full force and effect);

(c) the authorization by the Company of the transactions described above and the instruments, agreements and other documents entered into or to be entered into by the Company as described above will not have been modified or rescinded, and there will not have occurred any change in law affecting the validity, binding character or enforceability of any such instruments, agreements and other documents;

(d) the Indenture will not have been modified or amended (other than by a supplemental indenture or officers' certificate establishing the form or terms of the Debt Securities of any series);

(e) the Certificate of Incorporation and By-Laws and resolutions of the Board, as currently in effect, will not have been modified or amended and will be in full force and effect; and

(f) the form and terms of such series of Debt Securities shall have been established by the Board, a duly authorized committee thereof or a duly authorized officer of the Company acting pursuant to authority delegated to such officer by the Board or a duly authorized committee of the Board, all in accordance with, and within any parameters or limitations established by, the Certificate of Incorporation and By-Laws, resolutions of the Board, the Indenture and applicable law, and such terms will be accurately reflected in the certificates evidencing such series of Debt Securities and the supplemental indenture or officers' certificate, as the case may be, establishing the form and terms of such series of Debt Securities.

We have further assumed that the Debt Securities and any supplemental indenture or officers' certificate establishing the form and terms of the Debt Securities will be governed by and construed in accordance with the laws of the State of New York.

Our opinion is subject to bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance, fraudulent transfer and other similar laws relating to or affecting creditors' rights

generally and to general equitable principles (regardless of whether considered in a proceeding in equity or at law), including concepts of commercial reasonableness, good faith and fair dealing and the possible unavailability of specific performance or injunctive relief. Our opinion is also subject to (i) provisions of law which may require that a judgment for money damages rendered by a court in the United States of America be expressed only in United States dollars, (ii) requirements that a claim with respect to any Debt Securities or other obligations that are denominated or payable other than in United States dollars (or a judgment denominated or payable other than in United States dollars in respect of such claim) be converted into United States dollars at a rate of exchange prevailing on a date determined pursuant to applicable law and (iii) governmental authority to limit, delay or prohibit the making of payments outside of the United States of America or in a foreign currency.

This opinion letter is limited to the General Corporation Law of the State of Delaware and the laws of the State of New York (excluding the securities laws of the State of New York). We express no opinion as to the laws, rules or regulations of any other jurisdiction, including, without limitation, the federal laws of the United States of America or any state securities or blue sky laws.

We hereby consent to the filing of this opinion letter as an Exhibit to the Registration Statement and to all references to our Firm included in or made a part of the Registration Statement. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Securities Act.

Very truly yours,

/s/ Sidley Austin LLP
