Our forward-looking statements speak only as of the date on which they are made, and we do not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of the statement as a result of new information or future events or developments. If we do update or correct one or more of these statements, investors and others should not conclude that we will make additional updates or corrections.

RISK FACTORS

An investment in our debt securities involves significant risks. Before deciding whether to purchase any debt securities, you should carefully consider and evaluate all of the information included and incorporated by reference into this prospectus or the applicable prospectus supplement, including the risk factors incorporated by reference herein from our most recent annual report on Form 10-K, as updated by our subsequent quarterly and current reports and other information we file with the SEC that are incorporated by reference herein or into the applicable prospectus supplement. The risks we describe are not the only ones we face. Additional risks not known to us or that we deem immaterial also may impair our business or operations. Any adverse effect on our business, financial condition, results of operations or liquidity could result in a decline in the value of the debt securities and the loss of all or part of your investment.

USE OF PROCEEDS

Unless otherwise specified in a prospectus supplement accompanying this prospectus, we will use the net proceeds from the sale of the debt securities described in this prospectus for general corporate purposes, including:

- to repay or refinance debt;
- to finance acquisitions or strategic alliances;
- to meet our working capital requirements;
- for capital expenditures; and
- to invest in our subsidiaries.

We may temporarily invest net offering proceeds before using them for these purposes.

DESCRIPTION OF DEBT SECURITIES

We will issue the debt securities under an indenture, dated as of August 18, 1999, between us and The Bank of New York Mellon Trust Company, N.A. (as successor trustee to The Bank of New York), as trustee. We refer to this indenture, as supplemented and modified from time to time, as the “indenture.” We refer to The Bank of New York Mellon Trust Company, N.A., or any successor trustee under the indenture, as the “trustee.” References to “debt securities” are references to the debt securities that may be issued under the indenture.

The following description of Ingredion’s debt securities to be issued under the indenture summarizes the general terms and conditions of our debt securities to which the applicable prospectus supplement may relate. This summary is not complete and is subject to, and qualified in its entirety by reference to, the text of the indenture. If you would like more information about the provisions of the indenture, you should review the text of the indenture, which is filed as an exhibit to the registration statement of which this prospectus is a part. You should carefully read the summary below, the applicable prospectus supplement and the provisions of the indenture before investing in our debt securities.

References in this section of the prospectus to “Ingredion,” the “Company,” “we,” “us” and “our” are only to Ingredion Incorporated, which is the issuer of the debt securities, and not to its subsidiaries.

General

The terms of any series of debt securities will be set forth in (or determined in accordance with) a resolution of our board of directors or in a supplement to the indenture relating to that series. The terms of our debt securities will include those set forth in the indenture and those made a part of the indenture by the Trust Indenture Act of 1939, as amended.

We may issue debt securities, at any time and from time to time, in one or more series without limitation on the aggregate principal amount. We may, from time to time, without giving notice to or seeking the consent of the holders or beneficial owners of debt securities of any outstanding series, “reopen” that series of debt securities by issuing additional debt securities of that series having the same ranking, interest rate, maturity and other terms as the debt securities of that outstanding series (except for the issue date, the issue price and, in some cases, the first interest payment date, and the date from which interest will begin to accrue). Any such additional debt securities will constitute part of the same series as such outstanding debt securities, except that any such additional debt securities that are not fungible for U.S. federal income tax purposes with the outstanding debt securities will be issued with a different CUSIP number.

The debt securities will be unsecured and will rank equally in right of payment with all of our other unsecured and unsubordinated indebtedness.

A supplement to this prospectus will describe specific terms relating to the series of debt securities being offered. If any particular terms of the debt securities described in a prospectus supplement differ from any of the terms described in this prospectus, the terms described in the applicable prospectus supplement will supersede the terms described in this prospectus. These terms will include some or all of the following:

- the title of the series of debt securities;
- the aggregate principal amount of the series;
- the interest rate or rates, if any (which may be fixed or variable), or the formula or method by which interest will accrue, the dates from which interest will accrue, the interest payment dates and corresponding record dates, and whether we may defer interest payments;
- the stated maturity of the debt securities;
- whether, and the terms on which, the debt securities may be redeemed by us;

- whether, and the terms on which, the holders will have the right to cause us to redeem or purchase the debt securities;
- whether there will be a sinking, purchase or analogous fund;
- the portion of the principal amount of debt securities which will be payable upon a declaration of acceleration of the maturity thereof upon an Event of Default under the indenture;
- the denominations in which the debt securities will be issuable if other than denominations of \$1,000 and any integral multiple of \$1,000;
- the form of security used to evidence ownership of the debt securities;
- whether the debt securities are convertible;
- the manner and place of payment of principal (and premium, if any) and interest;
- additional offices or agencies for registration of transfer and exchange and for payment of the principal, premium (if any) and interest;
- whether the debt securities will be registered or unregistered, and the circumstances upon which such debt securities may be exchanged for debt securities issued in a different form (if any);
- whether the debt securities will be issued in whole or in part in the form of one or more global securities and, if so, the depository for such global securities and the circumstances upon which global securities may be exchanged for debt securities issued in a different form (if any);
- if denominated in a currency other than United States dollars, the currency or currencies, or currency unit or currency units, in which the debt securities will be denominated, and in which payments of the principal, premium (if any) and interest will be made and the circumstances in which the currency of payment may be changed (if any);
- if we or a holder may elect to have the payments of the principal, premium (if any) or interest made in a currency or currency units other than that in which the debt securities are denominated or payable, the terms and conditions upon which such an election may be made;
- if the payments of principal, premium (if any) or interest may be determined with reference to a currency, currency unit, commodity or financial or non-financial index or indices, how those amounts will be determined;
- whether defeasance provisions will not apply; and
- any other terms of the debt securities not inconsistent with the terms of the indenture.

Each prospectus supplement also will describe any special provisions for payment of additional amounts with respect to debt securities of any series.

Each series of debt securities will be a new issue with no established trading market. There can be no assurance that there will be a liquid trading market for such series of debt securities.

We may purchase debt securities at any time in the open market or otherwise. Debt securities we purchase may, in our discretion, be held or resold, canceled or used by us to satisfy any sinking fund or redemption requirements.

Debt securities bearing no interest or interest at a rate which, at the time of issuance, is below the prevailing market rate may be sold at a discount below their stated principal amount. Special U.S. federal income tax considerations applicable to any of these discounted debt securities (or applicable to certain other debt securities issued at par which are treated as having been issued at a discount for U.S. federal income tax purposes) will be described in a prospectus supplement.

If the purchase price of any of the offered debt securities is denominated in a foreign currency or currencies or if the principal of, premium (if any) and interest on any series of debt securities is payable in a foreign currency or currencies, the restrictions, elections, general tax considerations, specific terms and other information with respect to the issue of debt securities and such foreign currency or currencies will be set forth in the applicable prospectus supplement.

Denominations, Registration, Transfer and Exchange

Unless otherwise specified in the applicable prospectus supplement, the debt securities of any series will be issued only as registered securities, in global form and in denominations of \$1,000 and any integral multiple thereof, and will be payable only in United States dollars. For more information regarding debt securities issued in global form, see “—Book-Entry Issuance, Clearing and Settlement” below.

Registered debt securities of any series (other than registered debt securities in global form) will be exchangeable for other registered debt securities of the same series in the same aggregate principal amount and having the same stated maturity date and other terms and conditions. Upon surrender for registration of transfer of any registered debt security of any series at the office or agency maintained for that purpose, we will execute, and the trustee will authenticate and deliver, in the name of the designated transferee, one or more new registered debt securities of the same series in the same aggregate principal amount of authorized denominations and having the same stated maturity date and other terms and conditions. We may not impose any service charge, other than any required tax or other governmental charge, on the transfer or exchange of debt securities.

We are not required (i) to issue, register the transfer of or exchange debt securities of any series during the period of 15 days next preceding the mailing of a notice of redemption of such series or (ii) to register the transfer of or exchange any debt security of such series so selected for redemption in whole or in part, except for the unredeemed portion of any debt security being redeemed in part.

Payment and Paying Agents

If we issue a series of debt securities only in registered form, we will maintain in Chicago, Illinois or New York, New York, or at such other locations as we may from time to time designate for any series of debt securities an office or agency where those debt securities may be presented or surrendered for payment or for registration of transfer or exchange and where holders may serve us with notices and demands in respect of the debt securities of that series and the indenture. We also may maintain an office or agency in a place of payment for that series of debt securities located outside the United States, where any registered debt securities of that series may be surrendered for registration of transfer or exchange and where holders may serve us with notices and demands in respect of those debt securities and the indenture.

We will give written notice to the trustee of the location, and any change in the location, of such office or agency. If we fail to maintain any required office or agency or fail to furnish the trustee with the address of such office or agency, presentations, surrenders, notices and demands may be made or served at the corporate trust office of the trustee. We have appointed the trustee under the indenture as our agent to receive all presentations, surrenders, notices and demands with respect to a series of debt securities. Unless otherwise specified in the applicable prospectus supplement, the applicable trustee’s corporate trust office in the Borough of Manhattan, The City of New York will be the office at which such presentations, surrenders, notices and demands may be made.

The principal of, premium, if any, and interest on the debt securities of any series will be payable at the office or agency maintained by us for that purpose, except that payments of interest may be made at our option by check mailed to the address of the persons entitled thereto or by wire transfer to an account designated in writing by the payee.

Certain Covenants

The covenants described in this section apply to all debt securities unless a prospectus supplement indicates otherwise. Certain terms used in the following description of the covenants are defined under the heading “—Certain Definitions” below.

Limitations on Secured Debt. If we or any Tax Consolidated Subsidiary directly or indirectly creates or incurs Indebtedness secured by a Lien on Principal Property (including Capital Stock or indebtedness of any Subsidiary) owned by us, which Indebtedness is referred to in the indenture as “Secured Debt,” we are required concurrently to secure the debt securities then outstanding (together with, if we so determine, any other Indebtedness of or guaranteed by us ranking equally with such outstanding debt securities) equally and ratably with (or, at our option, prior to) such Secured Debt.

With specified exceptions, the indenture permits us to create the following types of Liens, which the indenture refers to as “Permitted Encumbrances,” among others, without securing the debt securities:

- Liens existing at the time of acquisition of the affected property, or purchase money Liens incurred at the time of or within 270 days after the acquisition of such property;
- Liens on property of a Person existing at the time such Person is merged into or consolidated with, or sells, conveys or otherwise disposes of its properties as an entirety or substantially as an entirety to, us or a Tax Consolidated Subsidiary, or Liens resulting from such a merger, consolidation or other transaction;
- Liens existing on the date of the indenture;
- Liens in favor of a government or governmental entity to secure payments or other obligations pursuant to any contract or statute;
- Liens to secure Indebtedness incurred to finance the acquisition, construction or improvement of the property subject to such Liens;
- certain statutory or similar Liens arising in the ordinary course of business;
- certain Liens for taxes, assessments or governmental charges or levies;
- Liens (including judgment Liens) arising in connection with legal proceedings; and
- certain extensions, renewals or replacements of any Liens referred to above.

Limitations on Sale and Leaseback Transactions. We and our Tax Consolidated Subsidiaries may not sell or transfer any property in connection with an arrangement providing that we or a Tax Consolidated Subsidiary will enter into a lease of such property as lessee (except for certain temporary leases for a term, including renewals, not exceeding five years) unless any one of the following is true with respect to such a “Sale and Leaseback Transaction”:

- the Sale and Leaseback Transaction is entered into to finance the payment of all or any part of the purchase price of property acquired or constructed by us or a Tax Consolidated Subsidiary;
- the Sale and Leaseback Transaction involves the property of a Person that is merging into or consolidating with us or one of our Tax Consolidated Subsidiaries or that is selling, leasing or otherwise disposing of its properties as an entirety or substantially as an entirety to us or one of our Tax Consolidated Subsidiaries;
- the Sale and Leaseback Transaction involves a government or governmental entity as the lessor and is entered into to secure payments or other obligations under Indebtedness incurred to finance all or any part of the cost of constructing or improving the property subject to such Sale and Leaseback Transaction;
- the Sale and Leaseback Transaction involves an extension, renewal or replacement of a lease pursuant to a Sale and Leaseback Transaction referred to above; or
- the Sale and Leaseback Transaction results in net proceeds which are at least equal to the fair value (as determined by our board of directors) of the property leased in such Sale and Leaseback Transaction, so long as, within 120 days after the effective date of such Sale and Leaseback Transaction, we or a Tax Consolidated Subsidiary applies an amount equal to the net proceeds of such Sale and Leaseback Transaction either to (i) the purchase of other property having a fair value at least equal to the fair value of

the property leased in such Sale and Leaseback Transaction and having a similar utility and function or (ii) the retirement or repayment of (a) the debt securities of any series, (b) other Funded Debt of the Company that ranks prior to or on a parity with the debt securities of any series, (c) indebtedness of any Subsidiary maturing more than one year from its date of issuance or (d) preferred stock of any Subsidiary.

Exception to Limitations on Secured Debt and Sale and Leaseback Transactions. Notwithstanding the limitations on Secured Debt and Sale and Leaseback Transactions described above, we and our Tax Consolidated Subsidiaries may create or incur Secured Debt without securing the debt securities, or may enter into Sale and Leaseback Transactions without retiring Funded Debt or other specified obligations, or enter into a combination of such transactions, if the sum of the aggregate principal amount of all such Secured Debt (excluding Indebtedness secured by Permitted Encumbrances) and the aggregate amount of capitalized rent (as calculated pursuant to the indenture) in respect of all such Sale and Leaseback Transactions (excluding Sale and Leaseback Transactions of the type set forth in the bullet points under the heading “—Limitations on Sale and Leaseback Transactions” above) would not exceed 10% of our Consolidated Net Tangible Assets.

Merger, Consolidation and Sale of Assets. We may not consolidate with, or merge into, or sell, lease or convey all or substantially all of our assets to any Person, unless:

- either the Company is the continuing corporation, or the corporation formed by such consolidation or into which the Company is merged or the Person which acquires by sale, lease or conveyance all or substantially all of our assets is a corporation organized and existing under the laws of the United States, the United Kingdom, Italy, France, Germany, Japan or Canada, or any political subdivision or state of any such country, and such corporation expressly assumes all our payment obligations under the debt securities and performance of all covenants and conditions under the indenture to be performed by us; and
- immediately after giving effect to such merger, consolidation, sale, lease or conveyance, no Event of Default under the indenture or no event which, after notice or lapse of time or both, would become an Event of Default under the indenture shall have occurred and be continuing.

Further, we may not enter into such a consolidation, merger, sale, lease or conveyance if, as a result of such a transaction, any property owned by the Company or a Subsidiary immediately prior thereto would be subject to a lien, unless (i) simultaneously therewith or prior thereto effective provision is made for the securing (equally and ratably with any other indebtedness of or guaranteed by the Company then entitled thereto) of the due and punctual payment of the principal of and interest on all of the debt securities of any series equally and ratably with (or prior to) the debt secured by such lien or (ii) the Company would be permitted to create such a lien pursuant to provisions of the indenture without equally and ratably securing the debt securities of any series.

If we sell or convey substantially all our assets and the acquiror thereof assumes our obligations under the indenture, we will be discharged from all obligations and covenants under the indenture and the debt securities.

Certain Definitions

Set forth below is a summary of certain defined terms as used in the indenture. See Article One of the indenture for the full definition of all such terms.

“*Capital Stock*” means and includes any and all shares, interests, participations or other equivalents (however designated) of ownership in a corporation or other Person.

“*Consolidated Net Tangible Assets*” means the aggregate amount of all assets (less depreciation, valuation and other reserves and items deductible therefrom under generally accepted accounting principles) after deducting therefrom (i) all goodwill, patents, trademarks and other like intangibles and (ii) all current liabilities (excluding any current liabilities which are by their terms extendible or renewable at our option for a time more than twelve months after the time as of which the amount thereof is being computed or which are backed by any instruments or agreements which by their terms are extendible or renewable at our option for a time more than twelve months after the time as of which the amount thereof is being computed, including, without limitation, commercial paper obligations which may be repaid out of borrowings under a credit facility), as set forth on the most recent quarterly

balance sheet of us and our Tax Consolidated Subsidiaries and computed in accordance with generally accepted accounting principles.

“*Funded Debt*” means any Indebtedness maturing by its terms more than one year from its date of issuance (notwithstanding that any portion of such Indebtedness is included in current liabilities).

“*Subsidiary*” means any corporation of which at least a majority of the outstanding stock having by the terms thereof ordinary voting power to elect a majority of the directors of such corporation, irrespective of whether or not at the time stock of any class or classes of such corporation shall have or might have voting power by reason of the happening of any contingency, is at the time, directly or indirectly, owned or controlled by us or by one or more of our Subsidiaries, or by us and one or more Subsidiaries.

“*Tax Consolidated Subsidiary*” means a Subsidiary with which we would be entitled to file a consolidated federal income tax return.

Events of Default

Under the indenture, “Event of Default” means, with respect to any series of debt securities, any one of the following events which shall have occurred and be continuing:

- default in the payment of any interest upon any of the debt securities of such series when due that continues for 30 days after payment is due;
- default in the payment of all or any part of the principal of (or premium, if any, on) any of the debt securities of such series when due;
- default in the deposit of any sinking fund or analogous payment in respect of the debt securities of such series when due;
- default in the performance, or breach, of any covenant or warranty of the Company in the debt securities of such series or in the indenture (other than as elsewhere specifically provided for) and continuance of such default or breach for a period of 90 days after there has been given to us by the trustee or to us and the trustee by the holders of not less than 25% in aggregate principal amount of the debt securities of all series

then outstanding affected thereby a written notice specifying such default or breach and requiring it to be remedied;

- failure by us or any of our Subsidiaries to pay when due any principal or premium or interest on any Indebtedness which is outstanding in a principal amount of at least \$25 million in the aggregate (but excluding Indebtedness evidenced by the debt securities or otherwise arising under the indenture (the “other Indebtedness”)), and the continuation of such failure after the applicable grace period, if any, specified in the agreement or instrument relating to such other Indebtedness;
- the occurrence or existence of any other event or condition under any agreement or instrument relating to any such other Indebtedness that continues after the applicable grace period, if any, specified in such agreement or instrument, if the effect of such event or condition is to accelerate, or to permit the acceleration of, the maturity of such other Indebtedness;
- the declaration that any such other Indebtedness is due and payable, or required to be prepaid (other than by a regularly scheduled required prepayment), redeemed, purchased or defeased, or an offer to prepay, redeem, purchase or defease such other Indebtedness shall be required to be made, in each case prior to the stated maturity thereof;
- certain events of bankruptcy, insolvency or reorganization involving us; or
- any other Event of Default provided in or pursuant to the supplement to the indenture establishing the terms of the debt securities of such series or in the form of security for such series (which other Event of Default will be described in the applicable prospectus supplement).

In general, the trustee must give both us and you notice of a default for the debt securities you hold. The trustee may withhold notice to you (except notice of defaults as to payment of principal, premium or interest) if it determines that the withholding of such notice is in the interest of the holders affected by the default.

If an Event of Default shall have occurred and is continuing with respect to debt securities of any series, then, unless the principal of all of the debt securities of such series shall have already become due and payable, either the trustee or the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of such series, by written notice to us (and to the trustee if given by such holders), may declare the entire principal of (and premium, if any, on) and accrued interest on such series of debt securities to be due and payable immediately, and, upon such a declaration, such principal, (premium, if any) and accrued interest shall become immediately due and payable. Upon specified conditions, such declaration may be annulled and past defaults (except, unless cured, a default in payment of principal of (and premium, if any, on) and interest on such series of debt securities) may be waived by the holders of a majority in aggregate principal amount of the outstanding debt securities of such series.

The indenture contains provisions entitling the trustee, subject to the duty of the trustee upon the occurrence of a default to act with the required standard of care, to be indemnified against costs, expenses and liabilities by the holders of the debt securities outstanding thereunder before proceeding to exercise any right or power under the indenture at the request, order or direction of the holders of such debt securities.

The indenture provides that the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of any series affected may direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercise any trust or power conferred on the trustee, provided that:

- such direction does not conflict with any rule of law or with the indenture;
- the trustee may take any other action that is not inconsistent with such direction; and
- the trustee need not take any action which might involve it in personal liability or be unduly prejudicial to the holders of debt securities of the affected series not joining in the giving of such direction.

The indenture limits the right to institute legal proceedings. No holder of any debt security of any series will have the right to institute any proceeding with respect to the indenture, or for any remedy under the indenture, unless:

- such holder shall have previously given written notice of a continuing Event of Default to the trustee;
- the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of such series shall have made a written request to the trustee, and offered indemnity satisfactory to the trustee, to institute such proceeding as trustee;
- the trustee shall have failed to institute any such proceeding for 60 days after its receipt of such notice, request and offer of indemnity; and
- no direction inconsistent with such written request shall have been given to the trustee during such 60-day period by the holders of a majority in aggregate principal amount of the outstanding debt securities of such series.

Notwithstanding any provision in the indenture or any series of debt securities, any right of a holder of any debt security to receive payment of the principal of (and premium, if any) and any interest on such debt security on or after the due dates expressed in such debt security and to institute suit for the enforcement of any such payment on or after such dates shall not be impaired or affected without the consent of such holder.

The indenture contains a covenant which requires that we furnish annually to the trustee a certificate as to our compliance with all conditions and covenants under the indenture or setting forth the circumstances of any failure to so comply and the steps taken or proposed to be taken to eliminate such failure.

Modification of the Indenture

With the consent of the holders of not less than a majority in aggregate principal amount of a series of debt securities outstanding, we may modify the indenture by entering into a supplemental indenture that will then be binding upon the debt securities of such series. However, without the consent of the holder of each debt security so affected, no changes to a series of debt securities may be made that:

- extends the final maturity date thereof;
- reduces the principal amount thereof;
- reduces the rate or extends the time of payment of interest thereon;
- reduces any premium payable upon the redemption thereof;
- reduces the amount of an original issue discount security that would be payable upon acceleration of the maturity thereof; or
- changes the currency in which the debt security is payable.

Without the consent of the holders of all debt securities of the affected series, we may not reduce from a majority in aggregate principal amount of debt securities of such series the amount of such debt securities the consent of the holders of which is required for any such supplemental indenture.

We may modify the indenture by entering into a supplemental indenture that will then be binding upon the debt securities of a series without the consent of the holders of such series to make the following changes, among others:

- add covenants, restrictions, conditions or provisions for the protection of holders of debt securities of any or all series;
- change or eliminate any provision of the indenture so long as any such change or elimination would not adversely affect such provision as applied to an outstanding series of debt securities;

- cure any ambiguity or correct or supplement any provision contained in the indenture or any supplemental indenture which may be defective or inconsistent with any other provision contained in the indenture or such supplemental indenture; and
- make such other provisions in regards to matters or questions arising under the indenture as shall not adversely affect the interests of holders of debt securities of any series.

Defeasance of Debt Securities and Certain Covenants

Unless otherwise provided in the applicable prospectus supplement, the following provisions will apply to each series of debt securities.

Legal Defeasance. The indenture provides that, with respect to any series of debt securities, upon satisfaction of the conditions specified in the indenture, we will be deemed to have been discharged from our obligations with respect to all outstanding debt securities of such series on the date those conditions are satisfied. This means that we will be deemed to have paid and discharged the entire indebtedness represented by such outstanding debt securities and to have satisfied all our other obligations under such outstanding debt securities and, insofar as such debt securities are concerned, the indenture, except for:

- the rights of holders of outstanding debt securities of such series to receive, solely from the trust fund described in clause (a) under the heading “—Conditions to Legal Defeasance and Covenant Defeasance” below, payments of the principal of (and premium, if any, on) and interest on the outstanding debt securities of such series when due; and
- a limited number of other provisions of the indenture, including provisions relating to, among other matters, (i) transfers and exchanges of, and the maintenance of offices or agencies for paying or registering the transfer or exchange of, the debt securities of such series, (ii) the replacement of stolen, lost or mutilated debt securities of such series, (iii) the duties and rights of paying agents, the compensation and reimbursement of the trustee and resignation and removal of a trustee, (iv) redemption of such debt securities, and (v) the defeasance provisions of the indenture.

We refer to this process as “legal defeasance.”

Covenant Defeasance. The indenture further provides that, with respect to any series of debt securities, upon satisfaction of the conditions specified in the indenture, we will be released, on and after the date such conditions are satisfied, from our obligations with respect to all outstanding debt securities of such series under the covenants described under the heading “—Certain Covenants” above, any additional covenants applicable to the debt securities of such series that may be identified in the applicable prospectus supplement as being subject to covenant defeasance, and the Event of Default described under the fourth bullet point under the heading “—Events of Default” above. This means that, with respect to the outstanding debt securities of such series, we may omit to comply with, and shall have no liability for, any such covenant and such omission to comply will not constitute an Event of Default or an event which, with the giving of notice or lapse of time or both, would be an Event of Default.

We refer to this process as “covenant defeasance.”

Conditions to Legal Defeasance and Covenant Defeasance. In order to effect legal defeasance or covenant defeasance of the debt securities of any series, the following conditions must be satisfied, among others:

- (a) we must irrevocably deposit or cause to be deposited with the trustee as trust funds (i) an amount in cash, (ii) Government Obligations applicable to such debt securities that, through the payment of principal and interest in accordance with their terms (without consideration of any reinvestment thereof), will provide, not later than the opening of business on the due date of any payment of principal (including any premium) and interest, if any, under such debt securities, money in an amount, or (iii) a combination of cash and Government Obligations, sufficient, in the opinion of a nationally recognized firm of independent public accountants expressed in a written certification delivered to the trustee, to pay and discharge, (A) the principal of (and premium, if any, on) and each installment of principal of (and premium, if any, on) and

interest on such outstanding debt securities on the stated maturity (or redemption date, if applicable) of such principal or installment of principal or interest, and (B) any mandatory sinking fund payments or analogous payments applicable to such outstanding debt securities when due and payable;

- (b) we have paid all other sums payable in respect of the debt securities of such series (in the case of legal defeasance), and such payment and the deposit will not result in a breach or violation of, or constitute a default under, the indenture or any other agreement or instrument to which the Company is a party or by which it is bound;
- (c) no Event of Default or event which, with the giving of notice or lapse of time or both, would be an Event of Default with respect to the debt securities of such series will have occurred and be continuing on the date of such deposit and no Event of Default described under the fifth, sixth and seventh bullet points under the heading “—Events of Default” above or event which, with the giving of notice or lapse of time or both, would be an Event of Default described under the fifth, sixth and seventh bullet points under the heading “—Events of Default” above shall have occurred and be continuing on the 91st day after the date of such deposit; and
- (d) we must deliver to the trustee an opinion of counsel (or, alternatively, in the case of legal defeasance, a ruling of the Internal Revenue Service) to the effect that the holders of the debt securities of such series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit and defeasance and will be subject to U.S. federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred.

If we exercise our option to effect covenant defeasance with respect to any series of debt securities and such debt securities are declared due and payable because of the occurrence of an Event of Default (including an Event of Default due to our failure to comply with any covenant that remains in effect following such covenant defeasance), the amount of money and/or Government Obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of such series on the dates those payments are due or, if applicable, on a redemption date, but may not be sufficient to pay amounts due on the debt securities of such series at the time of the acceleration resulting from the Event of Default. However, we will remain liable for those payments.

Unless otherwise provided in the applicable prospectus supplement, when we use the term “Government Obligations” with respect to any debt securities of a series, we mean (i) direct noncallable obligations of the government which issued the currency in which the debt securities of such series are denominated or (ii) noncallable obligations the payment of principal of and interest on which is fully guaranteed by such government and which, in either case, are full faith and credit obligations of such government.

Satisfaction and Discharge

The indenture will cease to be of any further effect with respect to any series of debt securities issued thereunder if:

- all outstanding debt securities of such series have (subject to specified exceptions) been delivered to the trustee for cancellation, or
- all outstanding debt securities of such series not previously delivered to the trustee for cancellation (i) have become due and payable, (ii) will become due and payable at their stated maturity within one year or (iii) are to be called for redemption within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee, and, in each such case, we have deposited with the trustee as trust funds an amount in cash sufficient to pay at stated maturity or upon redemption such debt securities not previously delivered to the trustee for cancellation, including principal (and premium, if any) and interest due or to become due at stated maturity or on such redemption date, as the case may be,

and, in either case, we also pay or cause to be paid all other sums payable under the indenture by us with respect to the debt securities of such series and satisfy certain other conditions specified in the indenture. We refer to this process as “satisfaction and discharge.”

Notwithstanding the satisfaction and discharge of the indenture with respect to the debt securities of any series, a limited number of provisions of the indenture will remain in effect.

Book-Entry Issuance, Clearing and Settlement

Unless otherwise provided in the applicable prospectus supplement, the debt securities of each series offered by means of this prospectus will be issued in the form of one or more fully registered global securities, without coupons, each of which we refer to as a “global security.” Each such global security will be registered in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”), another nominee of DTC, or a successor of DTC or its nominee. So long as Cede & Co., as the nominee of DTC, is the sole registered owner of any global security, Cede & Co. for all purposes will be considered the sole holder of that global security. Except under the limited circumstances described in this prospectus or in the applicable prospectus supplement, owners of beneficial interests in a global security will not be entitled to have certificates registered in their names, will not receive delivery of physical certificates, and will not be considered the holders thereof.

DTC has advised us as follows: DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions, such as transfers and pledges, among participants in deposited securities through electronic book-entry charges to accounts of its participants, thereby eliminating the need for physical movement of securities certificates. The rules applicable to DTC and its participants are on file with the SEC.

Beneficial owners that are DTC participants may hold their interest in a global security directly through DTC. Beneficial owners that are not DTC participants may hold their interest in a global security indirectly through direct participants of DTC or through certain clearing systems, banks, brokers, dealers, trust companies and other parties that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly, and have indirect access to DTC (each such entity an “indirect participant”), including Euroclear Bank S.A./N.V. and Clearstream Banking S.A. Unless and until definitive debt securities are issued, all references to actions by holders of debt securities issued in global form refer to actions taken by DTC upon instructions from its participants, and all references herein to payments and notices to the holders refer to payments and notices to DTC or its nominee, as the registered holder of the offered debt securities.

Beneficial interests in a global security will be shown on, and transfers of beneficial interests in the global security will be made only through, records maintained by DTC and its participants, both direct and indirect. When you purchase debt securities through the DTC system, the purchases must be made by or through a direct DTC participant, which will receive credit for the debt securities in its account on DTC’s records. When you actually purchase the debt securities, you will become their beneficial owner. Your ownership interest will be recorded only on the direct or indirect DTC participants’ records. DTC will have no knowledge of your individual ownership of the debt securities. DTC’s records will show only the identity of the direct DTC participants and the amount of the debt securities held by or through them.

You will not receive a written confirmation of your purchase or sale or any periodic account statement directly from DTC. You should instead receive these confirmations and account statements from the direct or indirect DTC participant through which you purchase the debt securities. The direct or indirect DTC participants are responsible for keeping accurate account of the holdings of their customers. The trustee will wire payments on the securities to the DTC nominee that is the registered holder of the debt securities. We and the trustee will treat DTC or its nominee as the owner of each global security for all purposes. Accordingly, none of us, the trustee and any paying agent will have any direct responsibility or liability to pay amounts due on a global security to you or any other beneficial owners in that global security. Any redemption notices will be sent by us directly to DTC or its nominee, which will, in turn, inform the direct DTC participants, which will then contact beneficial owners holding interests in the debt securities through them.

Under the rules, regulations and procedures creating and affecting DTC and its operations, DTC is required to make book-entry transfers between direct DTC participants on whose behalf it acts with respect to the debt securities and is required to receive and transmit distributions of principal of and interest on the debt securities. Direct and indirect DTC participants with which investors have accounts with respect to the debt securities similarly are required to make book-entry transfers and receive and transmit payments on behalf of their respective investors.

As DTC can act only on behalf of direct DTC participants, who in turn act on behalf of indirect DTC participants and certain banks, the ability of a beneficial owner of an interest in a debt security held in DTC to transfer or pledge that interest to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of that interest, may be affected by the lack of a physical certificate representing that interest. The laws of some states of the United States require that certain persons take physical delivery of securities in definitive form in order to transfer or perfect a security interest in those securities. Consequently, the ability to transfer beneficial interests in a debt security held in DTC to those persons may be limited.

DTC has advised us that it will take any action permitted to be taken by a holder of debt securities under the terms and conditions of the debt securities (including, without limitation, the presentation of debt securities for exchange) only at the direction of one or more of the direct DTC participants to whose accounts with DTC interests in the relevant debt securities are credited, and only in respect of the portion of the aggregate principal amount of the debt securities as to which that direct DTC participant or those direct DTC participants has or have given the direction. However, in certain circumstances described below, DTC will exchange the global securities held by it for certificated securities, which it will distribute to the direct DTC participants.

It is DTC's current practice, upon receipt of any payment of distributions or liquidation amounts, to proportionately credit direct DTC participants' accounts on the payment date based on their holdings of the relevant securities. In addition, it is DTC's current practice to pass through any consenting or voting rights to such direct DTC participants by using an omnibus proxy. Consequently, those direct DTC participants should, in turn, based on customary practices, make payments to and solicit votes from beneficial owners of debt securities who have accounts directly with them. Payments to you with respect to your beneficial interest in any debt securities will be the responsibility of the direct and indirect DTC participants with which you have an account, and not of DTC, the trustee or Ingridion.

DTC may discontinue providing its services as securities depository with respect to debt securities at any time by giving us reasonable notice.

Debt securities represented by one or more global securities will be exchangeable for definitive debt securities, that is, certificated debt securities, with the same terms in authorized denominations only if:

- DTC is unwilling or unable to continue as depository or ceases to be a clearing agency registered under applicable law, and a successor is not appointed by us;
- we decide to discontinue the book-entry system; or
- an event of default with respect to the debt securities entitling holders of such debt securities to accelerate the maturity thereof has occurred and is continuing.

If a global security is exchanged for definitive debt securities, the trustee will keep the registration books for the debt securities at its corporate office and follow customary practices and procedures regarding those certificated debt securities.

Governing Law

The indenture is and the debt securities will be governed by, and construed in accordance with, the laws of the State of New York.

Regarding the Trustee

The Bank of New York Mellon Trust Company, N.A. (as successor trustee to The Bank of New York), or any successor thereto, serves as trustee under the indenture. The Bank of New York Mellon Trust Company, N.A. is one of a number of banks with which we maintain ordinary banking relationships and from which we may obtain credit facilities or other financial products or services.

The trustee may resign with respect to one or more series of debt securities or may be removed with respect to any series of debt securities by holders of not less than a majority in aggregate principal amount of outstanding debt securities of such series and a successor trustee may be appointed to act with respect to each such series. If two or more persons are acting as trustee with respect to different series of debt securities under the indenture, each such trustee shall be a trustee of a trust under the indenture separate and apart from the trust administered by any other such trustee, and any action described herein to be taken by the trustee may then be taken by each such trustee with respect to, and only with respect to, the one or more series of debt securities for which it is trustee.

PLAN OF DISTRIBUTION

We may sell the debt securities:

- through underwriters, dealers or agents;
- directly to purchasers; or
- through a combination of any of these methods of sale.

We will describe in the applicable prospectus supplement the particular terms of the offering of the debt securities, including the following:

- the names of any underwriters;
- the purchase price and the proceeds we will receive from the sale;
- any underwriting discounts and other items constituting underwriters' compensation;
- any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers;
- any securities exchanges on which the debt securities of the series may be listed; and
- any other information we think is important.

If we use underwriters in the sale, such underwriters will acquire the debt securities for their own account. The underwriters may resell the debt securities in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale.

The debt securities may be offered to the public either through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. The obligations of the underwriters to purchase the debt securities will be subject to specified conditions. The underwriters will be obligated to purchase all the debt securities of the series offered if any of the debt securities are purchased. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

We may sell offered debt securities through agents designated by us from time to time. Any agent involved in the offer or sale of the debt securities for which this prospectus is delivered will be named, and any commissions payable by us to that agent will be set forth, in the applicable prospectus supplement. Unless indicated in the prospectus supplement, the agents will have agreed to use their reasonable best efforts to solicit purchases for the period of their appointment.

We also may sell offered debt securities directly to one or more purchasers.

We may have agreements with the underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments which the underwriters, dealers or agents may be required to make relating to those liabilities.

To facilitate the offering of the debt securities, any underwriters, dealers or agents, as the case may be, involved in the offering of such debt securities may engage in transactions that stabilize, maintain or otherwise affect the price of such debt securities or any other debt securities the prices of which may be used to determine payments on such debt securities.

Each series of debt securities will be a new issue with no established trading market. Any underwriter to which debt securities are sold by us for public offering and sale may make a market in such debt securities, but will not be obligated to do so, and may discontinue any market making at any time without notice.

Ingredion Incorporated (“Ingredion”) is incorporated in the State of Delaware.

Delaware General Corporation Law. Section 145(a) of the General Corporation Law of the State of Delaware (the “Delaware General Corporation Law”) provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation), by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person’s conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the person’s conduct was unlawful.

Section 145(b) of the Delaware General Corporation Law states that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys’ fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably

believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which the person shall have been adjudged to be liable to the corporation unless and only to the extent that the Delaware Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for such expenses as the Delaware Court of Chancery or such other court shall deem proper.

Section 145(c) of the Delaware General Corporation Law provides that to the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (a) and (b) of Section 145, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith.

Section 145(d) of the Delaware General Corporation Law states that any indemnification under subsections (a) and (b) of Section 145 (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the present or former director, officer, employee or agent is proper in the circumstances because the person has met the applicable standard of conduct set forth in subsections (a) and (b) of Section 145. Such determination shall be made with respect to a person who is a director or officer at the time of such determination (1) by a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum, (2) by a committee of such directors designated by majority vote of such directors, even though less than a quorum, (3) if there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion or (4) by the stockholders.

Section 145(f) of the Delaware General Corporation Law states that the indemnification and advancement of expenses provided by, or granted pursuant to, the other subsections of Section 145 shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office.

Section 145(g) of the Delaware General Corporation Law provides that a corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability under the provisions of Section 145.

Section 145(j) of the Delaware General Corporation Law states that the indemnification and advancement of expenses provided by, or granted pursuant to, Section 145 shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Certificate of Incorporation and Bylaws. Ingredion is empowered by Section 102(b)(7) of the Delaware General Corporation Law to include a provision in its certificate of incorporation to limit under certain circumstances a director's liability to Ingredion or its stockholders for monetary damages for breach of fiduciary duty as a director. Article Tenth of Ingredion's Amended and Restated Certificate of Incorporation states that directors of Ingredion shall not be liable to Ingredion or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (1) for any breach of the director's duty of loyalty to Ingredion or its stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) for payment of an improper dividend, or for an improper repurchase or redemption of the stock of Ingredion, in violation of Section 174 of the Delaware General Corporation Law, or (4) for any transaction from which the director derived an improper personal benefit.

Article VII of Ingredion's By-Laws provides that Ingredion shall indemnify its directors and officers against certain liabilities (including attorneys' fees and other expenses related thereto) that may arise in connection with

such service, or service at Ingredion's request as a director, officer or employee of another enterprise, to the fullest extent permitted by the Delaware General Corporation Law as the same then exists or may thereafter be amended.

Indemnification Agreements. Ingredion has entered into indemnification agreements with all its executive officers and directors. These agreements provide the executive officers and directors with indemnification against certain liabilities (including attorneys' fees) that may arise as a result of such service to the fullest extent permitted by the Delaware General Corporation Law as the same now exists or may hereafter be amended.

Liability Insurance. Ingredion maintains insurance policies under which its directors and executive officers are insured, within the limits and subject to the limitations of the policies, against certain expenses in connection with the defense of actions, suits or proceedings, and certain liabilities which might be imposed as a result of such actions, suits or proceedings, to which they are parties by reason of being or having been such directors or executive officers, which could include liabilities under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the

changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Filing Fee Tables" or the "Calculation of Registration Fee" table, as applicable, in the effective registration statement;

- (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that the undertakings set forth in paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
 - (i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
- (d) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act ("Act") in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Act.

Board of Directors
Ingredion Incorporated
5 Westbrook Corporate Center
Westchester, Illinois 60154

Dear Board of Directors:

We are acting as counsel to Ingredion Incorporated, a Delaware corporation (the "Company"), in connection with the registration statement on Form S-3 (the "Registration Statement") filed by the Company with the Securities and Exchange Commission relating to the proposed public offering of an unlimited amount of one or more series of debt securities of the Company (the "Debt Securities"), which may be sold from time to time and on a delayed or continuous basis, as set forth in the prospectus which constitutes a part of the Registration Statement, and as to be set forth in one or more supplements to the prospectus. This opinion letter is furnished to you at your request to enable you to fulfill the requirements of Item 601(b)(5) of Regulation S-K, 17 C.F.R. § 229.601(b)(5), in connection with the Registration Statement.

For purposes of this opinion letter, we have examined copies of such agreements, instruments and documents as we have deemed an appropriate basis on which to render the opinion hereinafter expressed. In our examination of the aforesaid documents, we have assumed the genuineness of all signatures, the legal capacity of all natural persons, the accuracy and completeness of all documents submitted to us, the authenticity of all original documents, and the conformity to authentic original documents of all documents submitted to us as copies (including pdfs). As to all matters of fact, we have relied on the representations and statements of fact made in the documents so reviewed, and we have not independently established the facts so relied on. This opinion letter is given, and all statements herein are made, in the context of the foregoing.

For purposes of this opinion letter, we have assumed that (i) the issuance, sale, amount and terms of any Debt Securities to be offered from time to time will have been duly authorized and established by or in accordance with proper action of the board of directors of the Company or a duly authorized committee of such board ("Board Action") consistent with the procedures and terms described in the Registration Statement and in accordance with the Company's certificate of incorporation and bylaws and applicable Delaware corporate law, in a manner that does not violate any law, government or court-imposed order or restriction or agreement or instrument then binding on the Company or otherwise impair the legal or binding nature of the obligations represented by the applicable Debt Securities; (ii) at the time of offer, issuance and sale of any Debt Securities, the Registration Statement (including any post-effective amendments thereto) shall have become effective under the Securities Act of 1933, as amended (the "Act"), and no stop order suspending its effectiveness shall have been issued and remain in effect; (iii) any Debt Securities will be issued pursuant to an indenture dated as of August 18, 1999 between the Company and The Bank of New York Mellon Trust Company, N.A. (as successor to The Bank of New York), as trustee (together with any successor trustee, the "Trustee"), filed as Exhibit 4.1 to the Registration Statement and as amended or supplemented from time to time in accordance with its terms (the "Indenture"); (iv) the Indenture will be qualified under the Trust Indenture Act of 1939, as amended; (v) if being sold by the issuer thereof, the Debt Securities will be delivered against payment of valid consideration therefor and in accordance with the terms of the applicable Board Action authorizing such sale and any applicable underwriting agreement or purchase agreement and as contemplated by the Registration Statement and/or the applicable prospectus supplement; and (vi) the Company will remain a Delaware corporation.

To the extent that the obligations of the Company with respect to the Debt Securities may be dependent upon such matters, we assume for purposes of this opinion that the Trustee is duly organized, validly existing and in good standing under the laws of its jurisdiction of organization; that the Trustee is duly qualified to engage in the activities contemplated by the Indenture; that the Indenture has been duly authorized, executed and delivered by the Trustee and constitutes the legal, valid and binding obligation of the Trustee enforceable against the Trustee in

accordance with its terms; that the Trustee is in compliance with respect to performance of its obligations under the Indenture with all applicable laws, rules and regulations; and that the Trustee has the requisite organizational and legal power and authority to perform its obligations under the Indenture.

This opinion letter is based as to matters of law solely on the applicable provisions of the following, as currently in effect: (i) the Delaware General Corporation Law, as amended; and (ii) the laws of the State of New York (but not including any laws, statutes, ordinances, administrative decisions, rules or regulations of any political subdivision below the state level). We express no opinion herein as to any other statutes, rules or regulations (and, in particular, we express no opinion as to any effect that such other statutes, rules or regulations may have on the opinion expressed herein).

Based upon, subject to and limited by the foregoing, we are of the opinion that the Debt Securities, upon authentication thereof by the Trustee and due execution and delivery thereof on behalf of the Company in accordance with the Indenture and any supplemental indenture relating thereto, will constitute valid and binding obligations of the Company.

The opinion expressed above with respect to the valid and binding nature of obligations may be limited by bankruptcy, insolvency, reorganization, receivership, moratorium or other laws affecting creditors' rights (including, without limitation, the effect of statutory and other law regarding fraudulent conveyances and fraudulent, preferential or voidable transfers) and by the exercise of judicial discretion and the application of principles of equity, good faith, fair dealing, reasonableness, conscionability and materiality (regardless of whether the Debt Securities are considered in a proceeding in equity or at law), including, without limitation, principles limiting the availability of specific performance and injunctive relief.

This opinion letter has been prepared for use in connection with the Registration Statement. We assume no obligation to advise of any changes in the foregoing subsequent to the effective date of the Registration Statement.

We hereby consent to the filing of this opinion letter as Exhibit 5.1 to the Registration Statement and to the reference to this firm under the caption "Legal Matters" in the prospectus constituting a part of the Registration Statement. In giving this consent, we do not thereby admit that we are an "expert" within the meaning of the Act.
